The Commissioner of Patents and Trademarks  
WASHINGTON, D.C.  
U.S.A. 20231

Dear Sirs:

Agent for Applicant acknowledges receipt of office action dated May 22, 2000 and responds as follows:

AMENDMENT TO CLAIMS

Agent for Applicant respectfully requests the following amendments to the claims without adding any new subject matter, namely:

✓ 1: [Twice Amended] A method of cutting pattern pieces from a continuous roll of material comprising the steps of unrolling said material unto a rotating cylindrical cutting surface, and then [cutting said material while said material is in rolling contact on said cylindrical surface during rotation of said cylindrical surface] moving cutting means across said cylindrical cutting surface to cut said material, while rotating said cylindrical surface in one direction only.

✓ 2. [Amended] A method as claimed in claim 1 [wherein said rotating cylindrical surface includes] including the steps of producing a vacuum [means] internally of said rotating cylindrical surface for communicating with said material.
